

**Easy to Load
Fold and Tuck**

FOLDABLE PLATFORM TROLLEY

- **MAXIMUM SUPPORT** - Strong Platform Trolley that can hold up to 150/300kgs of material from one place to another. The Platform is made of high density Poly Propylene (PP) material for heavy weight lifting while the Handles are made of Chromed Steel. The custom support guard ensures items won't slip backwards and arrive safely to where they need to be.
- **EASILY MANOEUVRABLE** - Mounted on 2 swivel & 2 fixed 100 mm (4 inch) Castor wheels. This four wheel platform push cart is built for easy manoeuvrability and maximum stability. For sharp angles and getting around corners, the two back wheels are engineered with 360-degree swivel functionality for easy transit.
- **COMPACT & FOLDABLE** - Functional platform trolley that can be tucked away for easy storage, but ready and available for when you need it. Simply fold down the handle in seconds to lay flush on the platform and your cart is ready to stowaway whenever, wherever. Easily fits in any corner of your Home/Office/Warehouse/Lifts & Elevators.
- Ideal for use in Kitchens, Logistics, Industries, Warehouses, Hotels, Airports, Hospitals etc
